## Details

-  CEO-Designate, January 2024
-  Gastroenterologist
-  Was Deputy Director-General, MOH

**A/Prof Dan Yock Young**

Can't wait to meet everyone in the JurongHealth Campus family!  
In the meantime, here's a little bit about me.

 Have started running around Jurong area. Give me a shout if there are avid running fans!

 There are 4 things worth living for in life: love, family, friends and durians. If there are no durians, there will be 1 less thing to live for.

 Hoi An, Vietnam, is one of my favourite travel destinations. It used to be a busy port in the 16th century but fell into oblivion due to a change in trade routes. Melting pot of beautiful, rich culture frozen in time. Scary reminder for Singapore to never rest on our laurels.

☆☆☆ My first  
Impressions of  
Jurong Health Campus

① Environment is spacious  
(still getting lost...)

② Staff are super welcoming  
and friendly 😊

③ I feel energised-excited-  
turbocharged! ⚡⚡⚡

## A/PROF DAN ANSWERED!

11:11

JHC Live - 16 February 2024

Online

Welcome to JurongHealth Campus, Prof Dan!  
What's your management style and beliefs?

In everything we do, every legacy we try to build, every enterprise we embark on, at the end of the day, it is always about the people. If we get our people to focus right, outcomes and KPIs will be a natural bonus.

The aspiration of our organisation is the sum of all our aspirations. Our teammates soldiering side by side with us, the patients whose lives we are entrusted, and our juniors who put their faith in us. It's about how we provide each other the shoulder, the lifting hand and the encouraging pats. And if we get all our aspirations aligned, we will have a truly spectacular, or in less elegant term - a kick\*\*\* organisation.

That's awesome, Prof Dan! BTW, how tall are you?

Peak height of 186cm and progressively shrinking with osteoporosis.

Do you eat to live, or live to eat?

Never allowed myself to go hungry to find out. But quite sure I would prefer food to be the music of love than the other way round. 😊

Who inspires you most, and how?

The unsung hero in every rank and file. As it is through their collective dedication, under-appreciated effort that provided the foundation for all success to be made possible.

Chicago Bulls or LA Lakers? 🏀

As a rule, I support whoever is the underdog in every season. Rich and successful teams don't need more support. It is the hustling and fightback against all odds that makes the human spirit and sports beautiful.

Thank you, Prof Dan! We had fun tossing Lo hei with you! We look forward to seeing you on campus! ❤️

Participated in the Medical Board's Clinical Governance Retreat, and realised how to *Keep Calm* and let the Med Board handle it.

Grateful for your guidance and patience in showing me around and answering my questions. Your support means a lot as I settle in. Thank you!

Attended my first JHC Live - an unforgettable experience! Everyone made me feel "at home".

Had a delightful Valentine's Day with Celestine & Hwee Ping, who showed me around campus.

Marked the eve of Lunar New Year with the honour of welcoming PM Lee to our campus.

Tried my hand at calligraphy at our internal Lunar New Year celebration. Thanks to HR for organising!

Visited Dr. Faheem for my first walkabout in the ICU. Happy to learn from seasoned professionals.

Connected with like-minded colleagues at the Senior Leaders Forum, whose dedication and hard work truly inspire. Excited to collaborate for a thriving JHC!

JHC Ambassador Appreciation Fiesta - thankful to the staff who went the extra mile to support our fellow colleagues.
